# HAS DAVIDSON FORGIVEN PAST?

His Letter To The "Steering" Committee Withdrawing His Name From List Unexplained.

## HAS CREATED CONSIDERABLE TALK

What Is Behind The Move Cannot Be Fathomed At Present--Is He Really In Earnest, Or Did He Refuse To Be Dictated To?

(SPECIAL TO THE GAZETTE.)  
Madison, Wis., Feb. 6.—That a wide chasm of dislike exists between Governor James O. Davidson and Senator Robert M. La Follette is shown by the letter of the governor to Secretary H. L. Elmer of the "La Follette for president committee," in which the governor declines to permit the use of his name as a leader of the candidates for delegates at large to the national convention. The letter also indicates that the dislike which the governor harbors toward the aspirant for the presidency is purely personal and not political. The governor also shows that he does not want to stand in the way of Wisconsin having any chance of placing one of her citizens in the presidential chair. He goes so far as to declare explicitly that his declaration to be a candidate for delegates at large is not to be interpreted as disfavor of the movement which the committee hopes will eventuate in the nomination of Senator La Follette for president. The reason given for the refusal of the governor to concede to the request that he be a candidate is his realization of the fact that there are a good many prominent republicans who would appreciate the honor of being candidates and his feeling, he says, is that it is not proper for him to stand in their way. The letter is one that will bear reading a number of times and careful consideration, for between the lines it is apparent that the governor feels that he cannot consistently be identified with the cause of the man who went about the state expressing suspicion of the faithfulness of Mr. Davidson to the principles for which the present governor fought many years before La Follette raised his eloquent voice in favor of them, and that he cannot in good conscience be at the head of the movement in favor of the man who accepted unlimited party and factional service and then turned against his friend in order to place in the executive office young Mr. Loomis, the recent court reporter and proceous politician. The letter of Governor Davidson, while entirely consistent, is another exhibition of the remarkable magnanimity of this man. During his strenuous campaign for the republican nomination for governor in 1906

Uncle Sam—Gosh, I've been reminding you for a long time that I've begun active proceedings against the Harriman road.

## LUMBERMEN'S ASSOC. IN BIG CONVENTION

(SPECIAL TO THE GAZETTE.)  
National Hardwood Manufacturers' Association Holds Annual Gathering in Cincinnati.  
Cincinnati, O., Feb. 6.—The National Hardwood Manufacturers' Association, the strongest organization of its kind in existence, met in Cincinnati today for its annual convention. The attendance at the opening included delegates from Michigan, Illinois, Indiana, Ohio, Louisiana, Texas, Arkansas, Tennessee, and a number of other states. The condition of the trade at present is described as very unsatisfactory and plans for bettering it will be discussed. In addition to a number of other important questions, the sessions are to continue two days.

## FARMERS GATHER IN MADISON THIS WEEK

(SPECIAL TO THE GAZETTE.)  
Annual Agricultural Conventions Will Meet in Capitol City During This Week.  
Madison, Wis., Feb. 6.—Progressive and up-to-date farmers of the Badger state will be much in evidence here during the remainder of the week. It is the week for the annual agricultural conventions, the first of which opened today and will continue till the end of the week. The most important gathering is that of the Wisconsin Agricultural Experiment Association. This body began its annual session this morning and at once entered upon the discussion of practical topics relating to soils, crops, seed selection, crop rotation, cooperation, harvesting, breeding and marketing. Many prominent agricultural experts took part in the discussions.

## NEGRO BANKERS IN ANNUAL CONVENTION

(SPECIAL TO THE GAZETTE.)  
Gather in Mississippi to Hear Booker T. Washington and Talk Over Organization.  
Montreal, Miss., Feb. 6.—Members of the Mississippi Negro Bankers' Association gathered here today to listen to addresses by Booker T. Washington and other leaders of the race and to discuss general financial conditions in the state. There are more than a dozen negro banks in Mississippi and all are reported as doing a good business. A proposition is under discussion to consolidate the negro bankers of Mississippi and Alabama into one organization.

## AMERICAN FLEET IS WELL ENTERTAINED

Departure of Fleet Is Delayed in Order to Allow Americans to Return Hospitality.  
(BY ASSOCIATED PRESS.)  
Punta Arenas, Feb. 6.—Social gaieties in connection with the presence here of the American fleet of battleships continue unabated. Dinners, dancing, excursions and receptions follow one another in quick succession. It was originally planned to have the fleet leave here last evening, but the program was changed and the departure delayed until tomorrow in order to give the Americans more time in which to return the hospitality extended to them.

## MILWAUKEE WOMAN SURPRISES BURGLAR

Strikes Him with Her Fist and Drops Doily and Flees Through Open Window.  
(SPECIAL TO THE GAZETTE.)  
Milwaukee, Wis., Feb. 6.—When Mrs. C. L. Emerson found a burglar in her room who clonched her fist with a cry of "What are you doing here, you scoundrel!" struck heavily at his head which saw protruding from under her bed. Too surprised to offer resistance the man crawled on his hands and knees to the open window, through which he had entered the house, making his escape. He left several hundred dollars' worth of silverware, silks, furs and other valuables, all packed in a bundle lying where it fell when he was discovered.

## BOY GETS \$500 FOR LOSS OF HIS THUMB

Sixteen-year-old Boy Who Loses Thumb in Factory Settles Out of Court.  
(SPECIAL TO THE GAZETTE.)  
Green Bay, Wis., Feb. 6.—The sum of \$500 is the value placed on the thumb of Frank Burnett, a sixteen-year-old boy who has been working for the Geo. D. Hess company. Young Burnett instituted a suit in the circuit court against the company for having lost the tip of his thumb on a cog-wheel of a machine at the mill. The case was settled out of court by the attorneys of both parties. Burnett left school when he was twelve years old to go to work to help support the family and today returned to school to acquire an education with the money he obtained from the company settlement.

## FRUIT STEAMER IS WRECKED OFF COAST

Of Spanish Honduras—Word Received of Its Condition in New Orleans.  
(BY ASSOCIATED PRESS.)  
New Orleans, Feb. 6.—A cablegram from Port Hauron reports the United Fruit company's steamer Ancon was wrecked on a reef off the coast of Spanish Honduras. The Ancon sailed from New Orleans on Jan. 30 with a full passenger list bound for Port Hauron, Balboa and Puerto Cortez. While the cablegram from Port Hauron does not mention the rescue of the passengers or crew, it is believed they are safe.

## STOCK BREEDERS OF S. CAROLINA MEET

Meeting of South Carolina Stock Breeders' Association Opens in Columbia.  
(SPECIAL TO THE GAZETTE.)  
Columbia, S. C., Feb. 6.—The full membership of the South Carolina Live Stock Association filled the council chamber of the city hall this morning at the opening of the association's sixth annual meeting. President Thomas Taylor, Jr., of this city, called the gathering to order and delivered his annual address. Another feature of the initial session was an address by Professor J. N. Harper of Clemson College on the value and preservation of farm manures. Speakers scheduled for the afternoon and evening sessions include Professor D. O. Sargent of Clemson College and George M. Roumel and B. H. Havel of the United States department of agriculture. The convention will continue its sessions over tomorrow.

## Y. M. C. A. OF KANSAS IN ANNUAL SESSION

Twenty-sixth Annual State Convention Assembles in Wichita—To Last Four Days.  
(SPECIAL TO THE GAZETTE.)  
Wichita, Kan., Feb. 6.—The work of the Young Men's Christian Association in Kansas is likely to receive a strong impetus as a result of the twenty-sixth annual state convention of the association which assembled here today. A program filled with attractive features has been arranged for the gathering, which will continue in session until Monday. The participants include delegates representing the branch organizations, local and college, throughout the state, together with leaders of the movement from Missouri, Illinois, and several other states.

(BY ASSOCIATED PRESS.)  
Washington, D. C., Feb. 6.—Representatives of the prohibition party and of the temperance and Christian organizations appeared today before the house committee on judiciary to urge a favorable report on one or more of the bills introduced to protect the dry local option districts from the receipt of interstate as well as intrastate shipments of liquor.

## GIVES ENDORSEMENT TO THE AMERICANS

New Japanese Ambassador Sees Nothing But Friendly Spirit Between Uncle Sam and Japs.  
(BY ASSOCIATED PRESS.)  
London, Feb. 6.—"I know of no truer friends of Japan than the Americans and our excellent relations and knowledge of one another will ensure an amiable outcome of an early date of the negotiations still in progress." Such is the message that Baron Takahira sends to America on the eve of his departure to assume the ambassadorship of Japan at Washington.

## NEBRASKAN INVADES NEW JERSEY TOWNS

Believed That Bryan Is Trying to Discount Influence of Woodrow Wilson.  
(SPECIAL TO THE GAZETTE.)  
New York, Feb. 6.—Illusions are inclined to attach considerable importance to the present visit of William J. Bryan to New Jersey. "The Nebraska man is making a whirlwind tour of the northern counties today, being scheduled for addresses in Jersey City, Paterson, Newark, and one or two other places."

## BIG LOSS BY FIRE IN RACINE TODAY

Five Firemen Are Injured and \$120,000 Loss Is Result of Defective Electric Wire.  
(BY ASSOCIATED PRESS.)  
Racine, Wis., Feb. 6.—Five firemen were injured and a loss of \$120,000 was the result of a fire caused by a defective electric wire in the rooms of the Racine club early today. The injured are Charles John Diehl, skull cut, overcome by smoke; Freeman Peter J. Lachner, three ribs broken and injured internally; James Brown, ribs broken, cut and bruised on the head and body dangerously; Preman Strickland, injured both legs; Chas. Joubert, bruises on body and head. The men were taken to their homes or to the hospital.

## BABY BOY BURNED TO DEATH TODAY

Clothing of Two-year-old Child Catches Fire and He Burns to Death While Mother Phones.  
(SPECIAL TO THE GAZETTE.)  
Racine, Wis., Feb. 6.—Vernon Anderson, the two-and-one-half-year-old son of Mrs. Mary Anderson, a widow, was burned to a crisp at 8:30 o'clock this morning while his mother was at a neighbor's telephoning the meat order. The clothing of the child is believed to have become ignited from a spark from the sheet iron heater, the door of which had been left open. When the mother returned to the house she discovered the child's blackened body lying on the kitchen floor with only the shoes and socks left unburned. The mother became frantic with grief and it is feared she will lose her reason.

DELIVERY OF RURAL  
MAIL IN THE STATE

Wisconsin Is Among the First States  
in Extension of the  
Service.

Wisconsin ranks among the first of  
seven leading states of the union in  
extension of the rural free delivery  
mail service.

With the beginning of the year 1908  
there was a total of 1636 rural car-  
riers in the seventy-two counties of  
Wisconsin, not one of the counties  
but which has at least one route. An  
advance of 15 per cent was made in  
salaries to carriers in 1907, the pay  
being on a sliding scale of from  
\$700 to \$925 and the annual pay-  
ment in the state is \$1,239,156, an average  
of about \$115,000 monthly. Payment  
is made through the Milwaukee post-  
office. Substitute carriers in 1907 in  
Wisconsin received \$35,456.55, making  
a total expenditure in the state of  
\$1,274,612.55.

Regular carriers are given a vaca-  
tion of fifteen days, with salary, an-  
nually, but each route must have a  
substitute carrier. The work of the  
postman is not hard but the govern-  
ment requires that carriers cover  
their routes with dispatch. The pa-  
tron of the service who neglects to  
provide a box, accessible to the car-  
rier from his season, cannot partici-  
pate in the benefits of the service.  
The carriers sell postage stamps and  
money orders but cash must be paid  
in all cases. Under the law, the mail  
carrier must be given the right to the  
road, a severe penalty being impos-  
ed for interference with the service.  
A total of 38,000 routes are in opera-  
tion in the United States, 80 per  
cent of which are in seven states, of  
which Wisconsin is one. Congress  
has provided for extension of the serv-  
ice and with adoption of the postal  
route, the rural delivery will become  
indispensable to the rural resident.  
Green county has a total of forty-  
three routes in operation, having the  
highest county system and the service  
has been brought to a high point of  
perfection.

Wisconsin is one of only two or  
three states where the county systems  
have been instituted. A number of  
counties in this state are covered by  
a complete county delivery.

RETURNS HOME AFTER  
FIFTY YEARS' TRIP

George Vandewalker, Former Resi-  
dent of Milton, Reaches His Old  
Home in Malden, Mass.

Late yesterday afternoon the Ga-  
zette received the following dispatch  
relative to a former resident of Mil-  
ton, who left his home in the east  
fifty years ago and has just returned  
to his native land:

"Boston, Mass., Feb. 5.—George  
Vandewalker, who departed fifty  
years ago from Milton, Wisconsin, has  
returned from his world wanderings  
to his sister, Mrs. John Fullerton of  
Malden. She had not seen her brother  
during the half century and be-  
lieved him dead."  
Inquiry at Milton relative to the  
case brings the following story:

"Milton, Feb. 5.—Geo. Vandewalker  
lived here about fifty years ago. For  
forty-five years he lived at Buffalo,  
N. Y. His sister, Mrs. John Fullerton,  
lives two miles north of this  
village and George visited her about  
two years ago and she had a letter  
from him at Malden, Mass., dated  
Feb. 2, 1908. Another sister, Mrs.  
Fullerton, lives in Boston. He served  
in a New York regiment during the  
Civil war and was employed in a  
Standard oil refinery during his long  
residence at Buffalo. Many of the  
older residents remember Vander-  
walker as a young boy and man."

A CASH SALE AND  
ITS OPPORTUNITY

One of Janesville's newly wed-  
ded couple, McNamara's after read-  
ing the ads. of the big cash sale just  
to see what was doing there. His at-  
tention was first attracted by a \$12  
stove that was selling for \$3.75. It  
was the regular oak stove nickel  
trimmed selling for a fixed price pre-  
viously but he realized the advantage  
in the saving and made the purchase.  
He was so well pleased that he de-  
cided to look over the entire stock and  
purchased a full line of kitchen uten-  
sils and hardware for home use.  
Many of the articles were not needed  
just at this time and could have wait-  
ed until spring, but the sale is to last  
just a week longer and offers many ar-  
ticles of necessity at half and one-  
third off. It is just the opportunity  
he was looking for and the same op-  
portunity is offered to everybody who  
will call or write.

JURY JUSTIFIED  
PAPKE PARRICIDE

Fl. Atkinson Youth Who Shot His  
Father, to Defend Himself and  
Mother, was Acquitted Yesterday.

Nineteen-year-old Frank Papke of  
Fl. Atkinson was alleged to have  
shot his father last December in  
order to protect his mother from a  
drunken attack, was acquitted in cir-  
cuit court at Jefferson yesterday.  
The plan of self defense. The case  
was tried before Judge George Grimm.  
It was shown by the defense that  
Albert Papke, the father, came home  
in an intoxicated condition and start-  
ed to abuse his wife, flourishing a  
bitch-whip. When the boy attempt-  
ed to add his mother, the head of the  
household, knife in hand, turned on  
him. To protect himself, the lad se-  
cured a revolver and shot his father  
three times. The older Papke ran  
out of the house to a vacant lot across  
the street, where he did not long  
thereafter. Young Papke's mother as  
well as several neighbors corroborat-  
ed the boy's story.

Anniversary Comes on Tuesday,  
March 17, This Year—Entertain-  
ment May Be Given in  
the Evening.  
Tentative plans for the annual cel-  
ebration of St. Patrick's day which  
occurs on Tuesday, March 17, are be-

ing discussed by the members of the  
local branch of the Ancient Order of  
Hibernians. That any parade will  
be attempted is unlikely, but the en-  
tombment special services will be held  
at St. Patrick's church and an entertain-  
ment will probably be arranged for  
the evening.

MONROE COUNCIL  
FIXES SALARIES

Give Mayor \$200 and Aldermen \$100  
and Also Provides for Fine of  
\$2 for Each Absence.

Monroe, Wis., Feb. 5.—The com-  
mon council, in preparing an ordi-  
nance fixing the salaries of officers,  
included the mayor and aldermen,  
fixing a salary of \$200 a year for  
mayor and \$100 a year for aldermen,  
and providing for a deduction of \$2  
for each case of failure to attend  
meetings. The ordinance will come  
up for passage Tuesday night. The  
payment of salaries to members of  
the council will add \$1,000 to the an-  
nual tax levy.

The council adopted a report rec-  
ommending the installation and oper-  
ation of a city street lighting plant  
in connection with the water works  
plant, which is now owned by the  
city. An estimate made by the city  
engineer shows that the city by do-  
ing its own street lighting can effect a  
saving of \$1,000 a year. In case rea-  
sonable terms cannot be made with  
the Monroe Electric Light and Pow-  
er company the matter will be taken  
to the state railroad commission, to  
which the company has surrendered  
its franchise under the public util-  
ities act. It is estimated that the city  
can install a plant at a cost of \$9,271  
and can operate it at an annual cost  
of \$3,500. The city is now paying  
\$4,500 for the service.

Henry Ludlow, president of the  
first National bank, slipped on an  
ice walk and fell breaking the large  
bone of his right forearm just above  
the wrist. The injury will deprive  
him of the use of the hand for two  
months. Mr. Ludlow has not been out  
of the hospital for a day for years  
and he is disabled in this way will  
be considerable of a hardship to him.

The date of the annual meeting of  
the Wisconsin Dairyman's association,  
which will be held here, has been  
changed to the second week in March.

George E. Work of South Bend,  
Ind. will give a roller skating rink  
at the armory of Co. H in this city  
on Saturday, Feb. 15, and expects to  
continue it through the winter.

The cylinder of a 12-horsepower en-  
gine at the South farm blew out while  
the engine was running a corn-dro-  
der and the engine was found scat-  
tered over the floor when it was not-  
iced the power had slipped up. Two  
engines are used on the farm, which  
has one of the most modern barns in  
the county. The milking is done by  
compressed air, the barn is lighted by  
electricity, the pumping is done by  
electric motor, the barn is equipped  
with automatic watering system, and  
with corn-droder and sheller, cur-  
riers and chutes the feed is all han-  
dled by machinery. The barn repre-  
sents an investment of \$7,000. The  
stock are all registered Holsteins, the  
feed being one of the best in the  
county. The milk is sent to the Bar-  
den condensed milk plant.

FARMERS' INSTITUTE  
AT THE CUT-OFF CITY.

March 12th and 13th is Date Chosen  
for Meetings—Will Have Cooking  
School at Same Time.

Janesville, Feb. 5.—The annual  
farmers' institute will be held in Ja-  
nesville Thursday and Friday, March  
12 and 13, and will be conducted by  
W. C. Bradley of Hudson, Wis. Mrs.  
Helen Armstrong of Chicago will be  
here and conduct a cooking school in  
connection with the institute work.  
The school will be held each after-  
noon in the city hall, and be for the  
benefit of all ladies who wish to at-  
tend and will be instructive as well  
as interesting, as Mrs. Armstrong is  
unusually proficient in this line of  
work. There will be the usual enter-  
tainment given by home talent in  
the evening. The program has not  
yet been entirely arranged as yet.

A large number of prominent farm-  
ers from Evansville and vicinity  
went to Madison yesterday to attend  
the farmers' short course in agricul-  
ture which opened in that city yester-  
day. Among the number were  
John C. Robinson, Frank Hine, Vic  
Holmes, John Tuller, W. W. Gilles,  
Edwin Allen and Thomas Steele.

Miss Nina Hazelt has returned  
from a six months' visit to relatives  
in England and is at present in Chi-  
cago.

Rev. Geo. Scheibler was reported  
quite ill yesterday.

Dr. John Leonard of Albany spent  
yesterday with Evansville relatives.  
Henry Hamilton is able to be up  
after being ill for several days with  
the grip.

Rev. W. B. Olmstead of Chicago will  
conduct a series of revival meetings  
in the sanctuary chapel beginning next  
Sunday.

E. H. Morrison was a Madison visi-  
tor yesterday.

THREE NEW RECRUITS  
TO AUTOISTS' RANKS

Harry Nowlan, A. J. Hassett, and  
Fred Fellows Ordered Machines—  
Two Touring-Cars Stalled Here  
by Storm.

Harry Nowlan and A. J. Hassett of  
Janesville and Fred Fellows of Evans-  
ville are the latest Rock County re-  
cruits to the ranks of the automobile  
owners. Each has ordered a machine  
of the new Maxwell pattern. Two  
big touring cars one a Standard-Day-  
ton owned by E. L. Gilbert of Rock-  
ford, and the other a Mitchell owned  
by Paul Kistner of Milwaukee—are  
stalled here awaiting better road  
conditions and the owners and pur-  
chase have returned to their homes by  
rail. Both reached the city before the  
recent snow and sleet storms and found  
further travel on the highways too  
dangerous and difficult a proposition  
to undertake.

## Of Course They Said So.

"How did you happen to come to me for your Dentistry," said Dr. Richards to a patient recently.

"Why, you see I'm a stranger here," said the party, "and I inquired of several people as to what Dentist to go to and they all said to Dr. Richards. If I wanted 'Painless work'."

"Of course, I didn't want to be hurt and so I came up to you."

"Well, are you sorry you came?"

"Not a bit. You never hurt me in the least."

It's worth something to have such a reputation for Painless Dentistry. If you need dentistry and wish perfect satisfaction try Dr. Richards. He "delivers the goods."

## DITCH CASE IS ON TRIAL BEFORE JURY

In Municipal Court Chambers This Afternoon—Judge Tallman Is Trying It.

Before a jury composed of W. H. and Charles Conrad, L. L. Fletcher, W. Watt, T. E. Welsh, and David Clark, the case of Wm. Finley vs. A. H. Peterson is being tried in municipal court this afternoon. Judge Tallman's court chambers were not large enough to accommodate the throng of partisans and witnesses. The plaintiff seeks damages for injury alleged to have been wrought to his hayfield adjoining the old Judge Phelps farm in the town of Plymouth by the construction of a ditch across the corner, on the part of the defendant. Atty. C. H. Ryan represents the plaintiff and O. A. Oestreich the defendant.

## SNOW AND SLEET STORMS PREVAIL

ENTIRE COUNTRY IN THE GRIP OF FIERCE BLIZZARDS.

### CHICAGO CLAD IN ICE

Coldest Day of Winter in New York—Transportation Seriously Hampered in Many States.

Chicago, Feb. 6.—A sleetstorm which turned to rain Wednesday seriously affected telegraphic communication between Chicago and many outside cities, especially in the west. St. Louis, Omaha and Kansas City were entirely cut off from the east during the early hours by a sleetstorm which surrounded St. Louis and extended into Iowa. In Chicago the storm affected much of the transportation in "rush" hours. Electric railroads were the principal sufferers, the steam lines experiencing but slight delay. The elevated roads had great difficulty in operating their trains owing to ice forming on the third rail, the Kenwood branch of the South side elevated road being tied up completely early in the day.

Several Deaths in New York. New York, Feb. 6.—After having dropped to a low record for the season, the temperature late Wednesday lifted just enough to permit of a snowstorm of considerable proportions.

When the day broke the mercury was but one degree above zero—seven points short of the coldest weather ever recorded here. The charitable societies found much to do in the way of almsgiving. The police reported several deaths from exposure. Two women care-takers were found frozen to death in a 22-room mansion in West Seventy-first street.

New York Reports 45 Below.

Ballston, N. Y., Feb. 6.—A new cold weather record for this section of the state was made Wednesday when the mercury dropped to 45 degrees below zero. The continued period of cold caused great suffering among the poor.

Michigan Suffers from Blizzard.

Grand Rapids, Mich., Feb. 6.—A blizzard, the second in a week, raged in western Michigan Wednesday and interfered seriously with traffic on steam and electric lines. Snow was piled into deep drifts by the high gale and packed hard. Trains were reported stalled at Big Rapids, Holland and Muskegon. The Grand Rapids, Grand Haven & Muskegon interurban line and the Holland interurban were completely tied up. There were no cars in or out of Grand Rapids Wednesday.

Copper Country Suffers.

Houghton, Mich., Feb. 6.—The copper country is enveloped in the worst blizzard of the winter and present indications are that it will continue during the next 24 hours. Passenger and freight trains are from two to ten hours late, some failing to arrive at all. Trolley lines are buried beneath the snow, completely demoralizing the service. A high wind has drifted the snow as high as six to eight feet in places.

Wisconsin Dured in Snow.

Milwaukee, Feb. 6.—Dispatches from the state report that the worst storm of the winter raged Wednesday. Manitowish reported country roads blocked and that a sleighing party was stalled for hours in the snow four miles from the city. Trains ran irregularly. Green Bay reported eight inches of snow, with no abatement of the storm. In Milwaukee about five inches of snow fell, followed by a sleetstorm. The snow drifted badly and caused the street railways considerable trouble in moving cars.

Indiana Reports Tie-Up.

South Bend, Ind., Feb. 6.—The worst sleetstorm in 15 years prevailed here Wednesday. Interurban railway travel between South Bend, Niles, St. Joseph and Benton Harbor was practically suspended. Only one car succeeded in getting through Wednesday. Business in these cities was practically suspended.

Wind and Sleet in West.

Lincoln, Neb., Feb. 6.—High winds and sleet Wednesday seriously crippled the telegraph and telephone service in south and southeastern Nebraska. Passenger trains were delayed and mails delayed.

Deep Snow in Minnesota.

Winona, Minn., Feb. 6.—After 20 hours of continuous snowfall in southern Minnesota, eight inches of snow covers the ground. The temperature is falling and a high wind is blowing. All trains are late, and country roads are almost impassable.

Found Dead on Railway Tracks.

San Jose, Cal., Feb. 6.—The body of Dr. P. H. Moss of Palo Alto was found on the railroad tracks near the station at Morgan Hill Wednesday completely cut in two. Dr. Moss recently had been residing on a farm at Madrone. He leaves a widow and son. His father was for years, and up to the time of his death, chief justice of Canada, and his uncle, Charles Moss, is now occupying that position.

Two Perish in Snowdrift.

Created Butte, Cal., Feb. 6.—A snow slide occurred Wednesday near the workings of the Crested Butte coal mine whereby four men were carried down the mountainside for a distance of 1,000 feet and two of them were buried and killed.

## GIVES EVIDENCE BY PROXY

ARCHITECT HUSTON'S ASSISTANT TESTIFIES FOR STATE.

Makes Damaging Statements Against Defendants in the Pennsylvania Capitol Graft Case.

Harrisburg, Pa., Feb. 6.—Architect Joseph M. Huston virtually turned state's evidence by proxy against his codefendants, Contractor Sanderson, former Auditor General Snyder, former State Treasurer Mathews and former Public Buildings Superintendent Shumaker, in the trial for conspiracy Wednesday in the Dauphin county court.

Through his assistant, Stanford B. Lewis, the architect, who remained in seclusion in his room at a hotel near the courthouse and was accessible only to his lawyer and confidential friends, gave damaging testimony against Sanderson and the former state officers.

Lewis was on the stand nearly all day and at the close of his direct testimony he was subjected by Mr. Gilbert, of counsel for Mathews and Snyder, to a most searching cross-examination, which will be continued when the trial resumed Friday.

Gilbert insisted that Lewis was a partner of Huston in the capital work and was refusing to reveal his true relation to the contract for fear of incriminating himself. Lewis denied this. He reluctantly admitted that he received a percentage of Huston's commissions. He stated that he was to get 25 per cent. Lewis was explaining why the deductions were made by Huston to the bills for the metallic furniture when the court adjourned for the day. Judge Kunkel dispensed with Thursday's session to allow one of the jurors to attend the funeral of his brother's child.

INSANE MAN IS KILLED.

Inmate of Bartonville Asylum Falls from Cottage Roof.

Peoria, Ill., Feb. 6.—On the very eve of the investigation of the Bartonville asylum for the insane in this city, a paroled prisoner, John Rordan, at an early hour Wednesday morning walked out on the roof of a porch of the cottage in which he was confined, slipped on the ice and fell 15 feet to the ground, where he was found dead by a watchman.

Rordan had been insane for 27 years and was brought to Peoria four years ago from Kankakee and immediately classified as one of the quiet and docile kind. His sleeping quarters were in a cottage over which there were no extra precautions taken to prevent the escape of the patients.

MacLean Close to Freedom.

Tangier, Feb. 6.—Cold Sir Harry MacLean, who has been in the hands of the bandit Ransell for the past seven months, is now within a few hours' ride of Tangier and probably will be released Wednesday. The British government has finally succeeded in bringing the negotiations with Ransell to a close and in return for the release of Cold MacLean will pay \$100,000 to Ransell and guarantee him protection and immunity.

Receiver for Louisville Concern.

Louisville, Ky., Feb. 6.—Judge Miller Wednesday granted a receivership for the Mayfield Woolen Mills and Clothing company of Louisville and a temporary injunction restraining its creditors from bringing suit to recover their claims. R. G. Robinson of Mayfield, Ky., was appointed receiver with a bond of \$250,000.

ECZEMA NOW CURABLE.

All Itching Skin Diseases Which are Not Hereditary Instantly Relieved by Oil of Wintergreen.

Can Eczeema be cured? Some physicians say "Yes." Some say "No."

The real question is: "What is meant by Eczeema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can be no longer be any question that these forms of Eczeema are curable.

Simple vegetable oil of wintergreen mixed with other vegetable ingredients, will kill the germs that infect the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, torturing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine Eczeema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. J. P. Baker and Holmstreet's Drug Store. ## NELSON ATTACKS SPEAKER'S POWER

WISCONSIN MAN MAKES STRONG PROTEST IN HOUSE.

### MINORITY IS HELPLESS

Rights of All Overruled, He Declares—Senator Beveridge Speaks for a Tariff Revision Commission.

Washington, Feb. 6.—A bitter attack on the rules and power of the speaker was made in the house of representatives Wednesday by Mr. Nelson of Wisconsin, Republican, who said the power of the house was merged in the speaker.

"He is the house," he exclaimed amid Democratic applause. He charged that the business of the country was not being dispatched speedily, economically or considerately. He did not, he said, believe in personality or partisanship. "I am speaking," he declared, "of principles and not of men that are passing."

All Must Obey Him.

It was intended, he said, that the speaker should be only a mere moderator in according the representatives of the people their just rights and in securing a square deal. But now, he said, the speaker overrules ruthlessly the rights of his opponents and his own associates as well. The minority, he declared, were not only speechless, but absolutely helpless, and as for the majority members, they have to obey the will of the speaker.

At times he added, they would break a . . . but not for long, because they were brought back under the power of the speaker's spell.

Payne Promises Revision Plank.

Tariff revision and the president's recent special message to congress again were the main topics of discussion in the house. As has been the case for nearly a week, the Indian appropriation bill ostensibly was before the house, but in no quarter was any word spoken in regard to it. The house apparently had made up its mind to discuss the issues of the day at this time, and no effort was made to check the flow of general debate.

A long speech by Seneca Payne of New York, the majority leader, was considered important because of his assurances that a tariff revision plank would be incorporated in the Republican national platform of this year. He devoted some attention to Mr. Bryan, whom he credited with going about the country accusing President Roosevelt of grand or petit larceny in purloining his ideas.

Put the can of Van Camp's in hot water. Then open it, and there is your ready-cooked meal steaming hot. A delicious meal without work, without waiting. Our beans come to you just as fresh and as savory as when they came out of our ovens. And you've never tasted beans that approach them.

## Let us cook for you. We are experts on beans, and we have the facilities

We have spent 47 years in learning how best to prepare baked beans with tomato sauce. No wonder we know.

But more than knowledge is needed. Our ovens are heated to 245 degrees. It requires that fierce heat to break down the fibre, and you cannot apply it. Home-cooked beans, for that reason, are hard to digest.

## Van Camp's pork and beans baked with tomato sauce

We use Michigan beans, selected by hand, for which we pay \$2.10 per bushel. That's seven times the price of some beans.

We could buy tomato sauce, ready made, for exactly one-fifth what we spend to make it.

Then we bake the beans, the tomato sauce and the pork all together. That gives our delicious blend.

## INVEST YOUR MONEY IN FARM LAND

The Pacific Coast extension of the Chicago, Milwaukee & St. Paul Railway opens to the settler thousands of acres of good farming land in Butte County, South Dakota, and in Adams, Hettinger and Bowman Counties, North Dakota.

The soil is a dark loam, with a clay sub-soil; good water is found at a depth of from twenty to fifty feet; rainfall is amply sufficient to raise the crops. The whole country is underlaid with lignite coal that outcrops along the streams, and in most cases can be had for the digging. The climate is healthful, the air dry and invigorating, and the percentage of days of sunshine high. Outdoor work can be done almost every day in the year. Regular mail service has been established, the roads are good, and telephone lines traverse the country. The deeded land there sells for from \$10 to \$18 per acre. There were many instances in the past year where the crop equaled in value the cost of the land.

In Butte County, South Dakota, there is considerable government land open for homestead entry. Government land offices are maintained at Lemmon, Hettinger and Bowman, where filings and final proofs may be made. All of these towns are on the new line of the

## Chicago Milwaukee & St. Paul Railway

In Montana the new railroad traverses good farming land. It has been demonstrated that big crops of grain may be raised there. Along the Yellowstone and Musselshell rivers the yields of alfalfa, sugar beets and grain last year were remarkable. In the Judith Basin, near Lewiston, Montana, is one of the most remarkable sections to be found along the new line. Under natural rainfall the famous bench lands produced last year an average of 35 bushels of hard wheat to the acre. The basin contains about 2,000 square miles and is sparsely settled. Some government land still remains open for settlement. Government land offices are maintained at Lewiston and Terry, Montana.

The Big Bend Country of Washington presents splendid opportunities in farming and fruit raising. Eight new towns along this new line have recently been opened in Idaho and Washington.

## THE ROUNDUP COLUMN.

West Says Old Timers Are Jealous of Tommy Burns—Other Topics.

It is rather amusing to observe the antics of the former heavyweight stars in view of the remarkable success of Tommy Burns. Jim Jeffries, Jim Corbett and Tom Sharkey, none of whom held as many titles as has Tommy, moodily and sulkily refused to give him credit for his performances. Corbett from his dressing room sees himself outshone as a pugilistic star of the drama; Jeffries and Sharkey from behind the bars of their "boozie" emporiums decried his victories. Bob Fitz-

-TOMMY BURNS IN A LUNNON YOG.

stomous, at his weight the greatest fighter of them all, has said nothing. Bob is a good sport. It is safe to say that he is not jealous because a younger man has done what he could do in his youth.

"Oh, that fellow was just a dub!" said Jeffries after Burns had defeated Gunner Mohr.

"The fight was of as much importance as the little bouts that are held nightly in New York," said Corbett.

"As compared with the heavyweights when Jeffries, Corbett, Fitzsimmons and myself were fighting, Burns is a fourth rater," says Sharkey.

All this talk is decidedly out of place and will not help them in the eyes of the public. These men all had their day, and now, having retired from the ring, they should not begrudge the new champion his just meed of praise. The trouble with the old fellows is that the coming of a new champion dims their renown and impairs their drawing ability. They would do well to maintain a dignified silence.

While Burns hasn't by any means proved that he is the equal of Fitzsimmons or Jeffries, it is true that he has beaten more good men than either Corbett or Sharkey. He is improving rapidly, and if he will fight on the square there is little doubt that he will soon be considered one of the best pugilists the country has produced.

"I've had many peculiar inquiries concerning that missing finger on my pitching hand," Mordcau Brown, the star twirler of the Chicago National league club, said the other morning, "but the strangest of all occurred in the south during our training trip last spring.

"One of the many recruits that President Murphy took on the trip was a twirler by the name of Purdue. He was rather an enigma to the majority of the players, who did not know whether to take his funny little sayings and doings as jokes or whether Purdue really was serious about them.

"One day while we were gathered in the hotel lobby discussing things in general and nothing in particular Purdue came over to me and said:

"'Drowndie, let me see what's left of that pitching mitt of yours.'

"I pushed out the maimed hand, and after he had examined it closely he said:

"'And do you mean to tell me that you win all your games with your hand in that shape?'

"'I confessed that I did. 'Well, I want,' he replied. 'And how did you lose the finger?'

"'I told him that I had it chopped off in a feed cutter and that the remaining three fingers were broken at the same time.

"'Then he deliberately reached down into his pocket, pulled out an indelible pencil and marked a line across his pitching hand that corresponded to the cuts on mine.

"'When I got home, I'm going to put my hand in a feed cutter, too,' he said solemnly, 'and maybe I'll get to be a star twirler.'

"And when we left him in Nashville the marks were still on his hand."

# The New Silk Rubberized Coats

We have just put on sale a new shipment of silk rubberized coats that might be called an all around garment. Not only are they worn on rainy days to protect one from rain, sleet, wind, etc., but they are just the thing for automobiling, driving, traveling, or on any occasion where you wish to protect your clothing from dust and dirt.

They are made long and full, some with the backs plain, others with plaits, with collar and cuffs trimmed in contrasting shades. They come in solid colors in black, brown, gray, and navy, in overplaids and stripes, also in neat hair-lined stripe creations in brown effects. These garments are 1008 styles. While the goods are light in weight, they are rubberized on the inside which preserves all the beauty of the fabric, makes them water-proof, wind-proof and dust-proof, besides strengthening the fabric making them wear twice as long as ordinary silk. We buy direct from manufacturers in New York and give you the advantage of our close buying.
